>score

six tracks, as the deck
holds them, and read out.

>open set

' set

a score is a document.

walk down it:
f10, the next heading.
ctrl+enter runs it.

everything lands on the one: a part, a change, a mute. run it any time in the bar before.

f1-f8: a part out, a part back. a heading again: its lanes out. again: back.

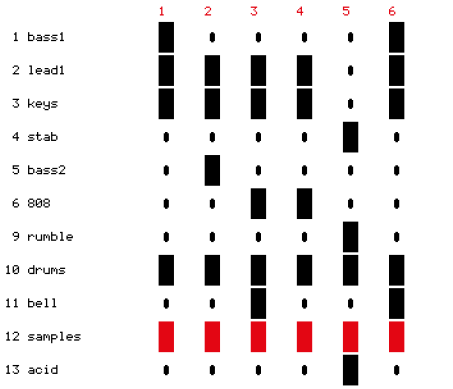

02

.x.....

>patch 4

' patch 4: cc 3, ch 1-15

one channel a sound, one chain a track. the patch picks the chain.

1 grid 2 offset 3 weight 4 heat 5 pressure 6 orbitals

a sample is a note: drop it on its pad, channel 12.
